Larry M. Chilenski Jr.  
Safety Director

## **Safety Commitment Statement**

Swank Construction Company, LLC employees are our most valuable asset. Ensuring their safety is of the highest priority. We accomplish this by not only complying with the construction standards and regulations but by exceeding all industry safety requirements. Swank Construction Company, LLC employees are trained and expected to help create and sustain a high level of safety at the workplace.

In order to maintain a high level of safety at all Swank Construction Company, LLC worksites, Swank not only requires our safety standards and values with our employees, but also on our subcontractors, customers, and the visiting public.

Swank Construction Company, LLC foundation is built upon decisions created by our team of employees and management. These decisions build and strengthen Swank and enable our company to succeed not only in safety, but in every aspect of business.

Due to Swank's endeavor to continually reduce accidents, comply with all regulatory/industry standards, and our dedication to safety education; Swank receives high recognition among colleagues and the insurance industry.

Swank Construction Company, LLC has extensive resources to adequately meet your requirements for insurance, no matter how specialized. As company Safety Director, I can assure you that with our commitment to safety and our proven track record, we are able to satisfy our valued client's safety requirements.
